

For Immediate Release

Solutions By Design II, LLC Selected to provide Continuous Monitoring and Agile Security Services (CMASS) to the Department of Homeland Security (DHS), U.S. Citizenship and Immigration Services (USCIS).

Vienna, Va. – September 21, 2020 – Solutions By Design II, LLC (SBD), a leader in management consulting, cyber security, and software engineering services, announced that it has been awarded a multi-million dollar contract to provide Continuous Monitoring and Agile Security Services (CMASS) to the Department of Homeland Security (DHS), U.S. Citizenship and Immigration Services (USCIS). SBD will be providing support for the following functional areas: Program Management and Continuous Process Improvement, Enterprise Continuous Monitoring, and Ongoing Authorization Support.

SBD will support the Office of Information Technology's (OIT's) Information Security Division (ISD) Risk Management Branch (RMB) with services that ensure the confidentiality, integrity, and availability of systems and data in support of continuous monitoring and ongoing authorization efforts.

DHS USCIS is responsible for lawful immigration to the United States. USCIS administers the nation's lawful immigration, safeguarding its integrity and promise by efficiently and fairly adjudicating requests for immigration benefits while protecting Americans, securing the homeland, and honoring the Nation's values.

The USCIS OIT provides information technology (IT), expertise, and the strategic vision necessary to enable USCIS to deliver effective, efficient, and secure immigration services and products. OIT leads USCIS in the design, development, delivery, and deployment of IT services and solutions that are transforming the nation's immigration system.

“Our cohesive, collaborated support will assist RMB with streamlining services while establishing new, robust, innovative, and proactive solutions to meet RMB's needs. Our CMASS solution will maintain current critical day-to-day operations and address strategic initiatives to improve the processes and procedures that will enhance the overall risk posture of the enterprise. Additionally, our training on security tools and processes are designed to align with the current RMB mission and its goals” said Michael Ewell, Executive Director, National Security Sector at SBD.

ABOUT SBD: SBD is a management consulting and technology services company serving clients domestically and abroad. For over 30 years, SBD has delivered technically innovative, reliable, and cost-effective solutions, services, and products, on-time and on-budget. SBD understand the challenges facing government agencies and help them transform to implement faster, more reliable quality systems. With more than 35 Federal contracts, SBD brings a demonstrated history of commitment to our customers.
